## **VISION STATEMENT**

The vision of St. Henry Middle School will be to act as a transition between childhood and young adulthood. The school will be a safe, comfortable, stimulating, and accepting environment that embraces all learners in ways that promote equity, communication, decision-making, and understanding. Students will become productive members of the community.

## **MISSION STATEMENT**

The mission of St. Henry Middle School is to view each learner as a new hope for the world. Each learner is inspired to achieve at high levels in a climate that is personalized, caring, and respectful. Every student is and feels safe and valued. All students have access to a variety of materials, resources, and experiences that will provide for their optimum learning success as they progress through their middle school years. Students support and serve the community, as part of their learning, as the community supports and serves the school.

## **INTRODUCTION**

We would begin by reminding each and every student that he/she has the basic constitutional rights which are and will be respected – most important of which is the right to an education via the public schools.

So that the student body of St. Henry Middle School has a frame of reference which upon which reasonable conduct can be based, certain rules and regulations are considered necessary. All students have the right to know the framework of procedures within which they are expected to assume personal responsibility for their actions and to know the disciplinary measures to be taken when they fail to show this personal responsibility.

In most cases, the specific penalty for an action may not describe the extent of the action. Quite simply, each violation will be evaluated separately and judged accordingly. In every case involving emergency removal, suspension or expulsion, your rights will be protected through procedural due process.

It is our hope and expectation that students of this middle school will respect the rules and regulations as necessary to insure the safest and most sound educational system for each and every student herein. Parents will be informed in all cases involving suspension or more serious disciplinary action.

## **SCHOOL HOURS**

School hours are from 7:55 a.m.– 2:58 p.m. Students are to arrive no more than 15 minutes early in the morning. Once school is over, students are expected to leave in a timely manner. Students are not to be in the building after school hours unless supervised by school personnel or a parent.

## **VISITORS**

Visitors, particularly parents, are welcome at school. In order to properly monitor the safety of students and staff, each visitor (including parents) must report to the office upon entering the school to sign in and obtain a pass. Any visitor found in the building without signing in the office shall be reported to the principal. If a person wishes to confer with a member of the staff, s/he should call the office for an appointment prior to coming to the school in order to prevent any inconvenience. Visitors from

other schools are not permitted without permission from the principal. This permission must be secured at least one day in advance.

### **STUDENT RESPONSIBILITIES**

The school's rules and procedures are designed to allow students to be educated in a safe and orderly environment. All students are expected to follow staff members' directions and obey all school rules. Students should arrive to school on time and be prepared to participate in the educational program. In order to keep parents informed of their child's progress in school, parents will be provided information on a regular basis and whenever concerns arise. Many times it will be the responsibility of the student to deliver the information. The school however, may use the mail or hand delivery to ensure contact. Parents are encouraged to build a two-way link with their child's teachers and support staff by informing the staff of suggestions or concerns that may help their child better accomplish his/her educational goals. Information on student grades is also available via the Internet. Please contact Tom Marchal to gain access to your child's grades.

### **STUDENT WELL BEING**

Student safety is the responsibility of both students and staff. All staff members are familiar with emergency procedures such as fire and tornado drills and accident reporting procedures. If a student is aware of any dangerous situations or accidents, he/she must notify a staff person immediately. State law requires that all students have an emergency medical authorization completed, signed by a parent or guardian, on file in the school office. Students with specific health care needs should alert the school regarding those needs in writing and with proper documentation by a physician to the school office.

### **ACCIDENT OR ILLNESS**

If a student becomes ill or has an accident at school, the following steps will be taken:

1. Emergency care will be given.
2. The parent, guardian, or other authorized person will be contacted.
3. In case of illness, the parent may be asked to pick up the student, or if the parent does not have adequate transportation, the principal will attempt to find transportation for the student.
4. The listed family doctor may be contacted if this is thought to be necessary.
5. In case of communicable disease, parents will be notified and asked to take the student home. The student/s will be isolated at school and cared for until he or she can be taken home.

### **ATTENDANCE**

State law requires children of school age to attend school regularly. Section 3321-01 to 13, Ohio Revised Code, states that prompt and regular attendance is mandatory. According to section 3321.38 of the Ohio Revised Code, a parent, guardian, or other person having care of a child of compulsory school age who fails to send a child to school may be charged with such violation and the court may assess a fine. By law in the State of Ohio, it is the responsibility of the parents or guardian to see that the student is in school when they are not classified within the excused absence regulation. Perfect attendance awards will be given to students that have missed 3 hours or less throughout the school year of excused absences.

#### A. Excused absences include the following:

1. Personal illness of the pupil
2. Illness in the family
3. Death of a relative
4. Family emergency
5. Doctor or dentist appointments
6. Religious holidays (requires prior notice)
7. Authorized school activities
8. Family vacation: on the condition that the office is notified of the upcoming vacation and the parents have made arrangements with teachers for the students to complete their assignments at a mutually agreed time.

#### B. Unexcused absences include the following:

1. Absence from school with parents consent for reasons other than those considered excusable.
2. Leaving school during school hours and going directly home without office permission.
3. Students who are unexcused will receive no credit for schoolwork that is missed. Per House Bill 410, a student will be considered habitually truant if s/he is absent 30 or more consecutive hours without a legitimate excuse; absent 42 or more hours in one school month without a legitimate excuse; or absent 72 or more hours in one school year without a legitimate excuse. Furthermore, a student will be considered 'excessively absent' if s/he is absent 38 or more hours in one school month with or

without a legitimate excuse; or s/he is absent 65 or more hours in one school year with or without a legitimate excuse. Repeated unexcused absences inevitably results in lack of interest, academic concerns and discipline concerns. If the absence intervention team cannot create a resolution, the courts may be contacted to assist in getting students to school.

C. Make-up Work

1. Responsibility for completing work missed due to absence will rest with the student.
2. Under ordinary circumstances, the work missed may be made up within a period equal to that of the number of days absent.

D. Attendance at Extra-Curricular Activities:

1. **Any student must be in attendance for at least one half of the day to be allowed to participate in any extra-curricular activity that day. (ex.-athletic practices or games, school sponsored dances, concerts, etc.) Exceptions to this policy must meet the approval of the building principal.**
2. Students who are absent from school are not permitted to be present at any school function, unless previously approved by a school administrator.

E. Excessive Student Absences for students taking classes for HS Credit Classes:

1. A student missing an individual class **more than eight (8) times any semester must pass the semester exam in order to receive credit for that course.** An exception to this would be a student who has been hospitalized or under long-term doctor's care. Students must submit a doctor's statement upon their immediate return to school.

F. Tardiness

1. If you arrive late to school you must obtain an admit slip from the office. If late to class after leaving another class you must secure an admit slip from the teacher who was responsible during the previous period. Whether the tardiness is excused or unexcused will be determined by the conditions of each incident. Detention may be assigned for the use of an unexcused tardy slip.

Exceptions to this procedure will only be considered by the administration if the circumstances are justified, such as a documented hospital stay. When attendance of a school authorized event causes a student to miss a class, it will not count as an absence. If a student will be absent for all or part of a day, the parent is responsible to call the school each day stating the name of the student to be absent, the reason for the absence, and the name of the parent/guardian calling. Absences that are known about ahead of time or are for several days at a time may be notified by a note or by phone prior to the date of the absence. An answering machine is available to take messages from parents who need to call before 7:50 a.m. You will need to call **678-4834 ext. 2301** to report an absence for the Middle School building. We request that a parent call be made before 8:15 a.m.

### **ADMINISTRATION OF MEDICATION**

Administering medications that are essential to maintain a child in school such as insulin shots, disease control medications, etc. continue to be the responsibility of the parents.

1. The building principal, or an appropriate person appointed by the building principal, will supervise the secure and proper storage and dispensation of medications. The drug must be received in the original container in which it was dispensed.
2. Written request must be received from the parent or guardian of the student requesting that the school district comply with the physician's order to administer prescription drugs or requesting the school district to administer non-prescription drug and granting permission for the district to do so.
3. For prescription drugs, the principal or other designated individual must receive and retain a statement, which complies with O.R.C. 3313.713 and is signed by the physician who prescribes the drug.
4. For non-prescription drugs, the principal or other designated individual must receive and retain a statement, signed by the parent/guardian which contains information in compliance with O.R.C. 3313.713(C)2.
5. The parent, guardian or other person having care or charge of the student must agree to submit a revised statement signed by the physician who prescribed the drug to the principal or other designated individual if any of the information originally provided by the physician changes.
6. No employee who is authorized by the Board of Education to administer a drug and who has a copy of the most recent statement required would be liable in civil damages for administering or failing to administer the drug, unless he/she acted in a manner that would constitute gross negligence or reckless misconduct.
7. No person employed by the Board of Education will be required to administer a drug to a student if the employee objects to administering the drug.
8. Medication will be brought to school in the original container clearly marked with the child's name, the name of the medication, and pertinent instructions.

9. It is recommended that parents do not send medication to school with the child to be self-administered, but if the parent should deem this necessary, a note must be sent with the child to the child's teacher identifying the medication, the dosage, and the time to be taken. This note will be valid for no more than two days.
10. Questions concerning specifics of school board policy dealing with administration of medication may be directed to the principal.

### **ASSIGNMENT NOTEBOOKS**

Students at St. Henry Middle School can expect to complete an increasing amount of homework as they progress through grades 5, 6, 7 and 8. This student assignment notebook is designed to help students develop organizational skills. It is important that each student use this book on a daily basis. Students will be expected to carry their assignment notebooks with them at all times. Parents are encouraged to ask their children to see their books on a regular basis. It can act as a means of communication between parents and teachers.

### **TEXTBOOKS**

All textbooks are the property of the St. Henry Schools and are on loan to students for the school year. Any student damaging a textbook while it is assigned to them will be assessed a fee to cover the damage or replacement of the textbook.

### **ACADEMIC CODE OF CONDUCT**

We believe that homework is an important part of a child's education. Besides giving necessary review, it also develops responsibility. Homework is counted as part of the nine weeks grade. ALL students will be responsible for completing their homework on time and in a careful and neat manner or consequences such as a lower grade or detention will follow. The amount and type of homework will vary according to the class. Each teacher will provide each student with the homework policy for that class at the beginning of each year.

The staff at St. Henry Middle School believes it is necessary that students abide by the following rules. Following is information concerning the homework policies for St. Henry Schools. It also includes information on make-up homework and make-up testing. Students will be accountable for turning in their work on time.

1. All assignments are expected to be completed to the best of the student's abilities.
2. All assignments are expected to be completed and turned in when requested by the teacher.
3. If a student is absent from school s/he is responsible for getting the assignments from the teacher. The number of days a student misses will equal the number of days s/he will have to make that work up with full credit.
4. If a student is absent during a test, s/he will have the same number of days available to make up a test as he or she has been absent. It is the responsibility of the student to make up the test on his/her own time (before school, after school, during a study hall, etc...). A student will not be permitted to miss more class time to make up a test.
5. If a student knows in advance that s/he will be missing a class for any reason, s/he is expected to turn the assignment in early, give it to someone trustworthy to turn it in for him/her or drop it off in the office. If a student is present for any part of the school day, s/he is responsible for turning in and obtaining any assignments for those classes missed.
6. It is understood that some circumstance may prevent turning assignment in on time. Students should see the teacher prior to the due date to attempt to resolve the problem.

### **ATHLETICS**

Participation in extra-curricular activities, including interscholastic sports, is a privilege and not a right. Therefore, the Board of Education authorizes the Superintendent, principals, and other authorized personnel employed by the District to supervise or coach a student activity program, to prohibit a student from participating in any particular or all extra-curricular activities of the District for offenses or violations of the Student Code of Conduct/Student Discipline Code for a period not to exceed the remainder of the school year in which the offense or violation of the Student Code of Conduct/Student Discipline Code took place.

In addition, student athletes are further subject to the Athletic Code of Conduct and may be prohibited from participating in all or part of any interscholastic sport for violations therein.

Students prohibited from participation in all or part of any extra-curricular activity are not entitled to further notice, hearing, or appeal rights.

- A. Interscholastic competition is offered to students in basketball, track, cross country, cheerleading, volleyball and football.
- B. Parental permission and a physical examination are required of all students participating in interscholastic competition.
- C. The following is taken from the OHSAA Bylaws – Section 4 – Scholarship Eligibility
  - 1. All beginning 7<sup>th</sup> graders are eligible insofar as the scholarship bylaw.
  - 2. Eligibility for each grading period is determined by the grades received the preceding grading period. Semester and yearly grades have no effect on eligibility.
  - 3. To be eligible for 7<sup>th</sup> and 8<sup>th</sup> grade athletics, a student-athlete must be currently enrolled in a member school and have received passing grades in a minimum of five subjects in which the student received grades and was enrolled the immediately preceding grading period and they must maintain a 1.5 GPA.
  - 4. For eligibility, summer school grades may not be used to substitute for failing grades received in the final grading period of the regular school year or for lack of enough courses taken the preceding grading period.

D. Student/Athlete Responsibilities

The following rules for participation in Jr. High athletics should be read by both the student/athlete and parents.

- 1. Alcoholic beverages and tobacco. No consumption or possession of either of the above will be tolerated. FIRST OFFENSE – Suspension from the team for the remainder of the season.
  - 2. Drug use. No consumption or possession will be tolerated unless at the direction of a physician. Please notify us of any medical situations that may affect an athlete’s participation. FIRST OFFENSE – Suspension from the team for the remainder of the season.
  - 3. Second Offense – suspension from all athletic teams for the remainder of the school year.
  - 4. Conduct and school work. A student/athlete must conduct himself properly at all times. Schoolwork must be acceptable and completed on time. Any disciplinary action taken by school personnel that affects an athlete’s participation in any sport will result in additional disciplinary action taken by the coaching staff.
  - 5. Attendance. A player is expected to be at all practices or games unless prior permission to be absent is given by the coach. Unexcused absences will be dealt with in the same manner as in #4 above. If a player cannot make a practice he should the coach. Student must be in attendance for ½ day prior to which the event will be held. Excused absences such as appointments and funerals are not held to this standard.
- E. All athletes are expected to leave the school premises immediately after a practice or game. Hanging around is not acceptable. Coaches are to remain in a supervisory capacity until all athletes have left the school grounds. Parents are expected to be prompt in picking up students to alleviate any problem in this area.

**BICYCLES**

- A. Students are requested to park their bicycles in the bike racks on the north side of the building.
- B. Bicycles will be removed from the parking lot only when the student is going home.
- C. All students who ride their bicycles to school are urged to use a bicycle lock to avoid the possibility of theft.

**MOPEDS**

Students wishing to drive mopeds to school must obtain a parking permit in the high school office. The student must bring with them an operators license in order to receive a parking permit. Mopeds will be parked in the back student parking lot of the high school and are not allowed to be operated during the school day.

**BUS REGULATIONS**

The following regulations pertain to school bus conduct and are intended to ensure the safety and welfare of the students, the bus driver, and other drivers on the road, and to ensure the safety and proper maintenance of school busses.

- A. All pupils shall arrive at the bus stop before the bus is scheduled to stop.
- B. Pupils must wait in a location clear of traffic and away from the bus stops.
- C. Behavior at school bus stops must not threaten life, limb, or property of any individual.
- D. Pupils must go immediately to an assigned seat or as directed by the bus driver.
- E. Pupils must remain seated keeping aisles and exits clear.

- O. The student conduct code and the due process procedures detailed therein applies to all transportation.
- P. Pupils medical information shall be made known to each driver.
- Q. Pupils being transported shall be under the authority and control of the bus driver.

Riding to school is a privilege and convenience. The failure of a student to follow these regulations may result in his/her forfeiting the privilege of transportation by school bus.

When discipline problems with individual students arise, the following procedure should be applied:

1. The driver should handle the problem, if possible.
2. When the driver is unable to solve the problem, he/she should report it to the transportation supervisor. Then, the transportation supervisor and the driver will confer with the principal if necessary. The disciplinary disposition of the case will be by the principal of the school.
3. Cases that cannot be solved through the courses outlined above will be referred to the superintendent.

### **CHEATING/PLAGIARISM**

No student shall cheat in any form including plagiarism (homework, class reports, research papers, etc.). Plagiarism is an act of stealing and passing off as one's own ideas or work of another.

Whenever a student is found guilty of cheating/plagiarizing, the teacher shall collect the student's paper/work, a zero or failing grade will be assigned. The teacher will then contact the office and parents/guardian as to the action taken.

### **DISCIPLINE**

#### **Student Code of Conduct:**

It is impossible to operate a school, athletic team, or any sort of organization without order. Discipline is necessary and can be imposed, or it can be practiced voluntarily. St. Henry Middle School strives to teach self-discipline. Unfortunately, there are people who fail to learn self-discipline or refuse to practice it. These are the students who make rules a necessity.

The following code of conduct has been adopted by the St. Henry Board Of Education and applies to all students in our school district. The rules and standards set forth in this code apply to conduct during the regular school day, away from school premises, on school buses, or involving school property.

Violation by a student of any one or more of the following rules on school grounds or at school activities and events off school grounds may result in disciplinary action including but not limited to parent conferences, counseling, denial of participation, detention, suspension, emergency removal from class or school, alternative school assignment, and/or expulsion. These rules are not meant to be all-inclusive; a building administrator may use other options if they are deemed more appropriate. In all cases where disciplinary action is anticipated, the student will be given an opportunity at an informal hearing to state their case. Any criminal acts committed at or related to the school will be reported to law enforcement officials as well as disciplined in school. Certain criminal acts may result in permanent exclusion from school. In the event of an Emergency Removal from class or school for more than 24 hours, a hearing will be scheduled within 72 hours and the student will be given the opportunity to challenge the reasons for removal and any further action that may be taken. In-School Suspension will occur in the office. The student will be permitted to complete any graded assignment or test. Out of School Suspension will not allow students to come to school, attend classes or any extra-curricular activity; students will not be permitted to make up any course work missed; and any graded assignments or tests missed will be calculated as "zero."

- A. Disruption in School: A student will not, by use of violence, force, noise, coercion, threat, intimidation, fear, active or passive resistance, harassment, insubordination, pulling the fire alarm or repeated acts of misbehavior cause disruption or obstruction to the educational process, including all curricular and extracurricular activities.
- B. Vandalism and Destruction of School, Personal or Private Property: A student will not cause or attempt to cause willful destruction or defacement of school, personal or private property, including private property of school employees on or off school grounds.
- C. Fighting, Assault, and/or Threat Thereof: A student will not exhibit the intent to fight nor physically or verbally attack or threaten to attack any person on school on school grounds, school transportation, or at any school activity.
- D. Dangerous Weapons, Instruments, and Objects: A student will not possess, handle, transmit, or conceal any object, which might be considered a dangerous weapon or instrument capable of harming another person or a “look-alike” counterfeit weapon or instrument. Bringing a firearm (as defined in the Federal Gun-Free Schools Act of 1994) onto school property or to any school sponsored activity, competition, program, or event, regardless of where it occurs, will result in a mandatory one (1) year expulsion under Ohio Law. This expulsion may be reduced on a case by case basis determined by the superintendent using the guidelines set forth by the Board of Education.
- E. Narcotics, Alcoholic Beverages, and Drugs: A student will not possess, use, transmit, conceal, sell or be under the influence of any alcoholic beverage, dangerous drug, narcotic or any substance that causes physical or mental change during any hours a student is on school premises, or on authorized transportation, or any school sponsored activity held on or off school premises. Included in this prohibition are any substances represented as a controlled substance, nonalcoholic beers, steroids, herbal remedies and drug paraphernalia. Possession – includes, without limitation, retention on the person, in purses, wallets, lockers, desks while in attendance at any school function. Use – is defined as showing signs of chemical misuse such as staggering, reddened eyes, odor of chemicals, tobacco or alcohol, nervousness, restlessness, memory loss, abusive language, falling asleep in class or any other behavior not normal for the particular student.
- F. Tobacco/Smoking/Vaping: Students will not be permitted to possess, to smoke or use smokeless tobacco on or off of school grounds at any time during the school day, including lunch, and at any school-sponsored activity. The Ohio Revised Code 3313.47; 3313.66; 3313.661; 3313.751; and Ohio Administrative Code 3301-35-03 have determined tobacco products are illegal if possessed or purchased by the persons under the age of eighteen. As well, health professionals have determined that the use of tobacco products can be detrimental to one’s health. Therefore, students will not possess, transmit, purchase, or attempt to purchase and/or use tobacco in any form on school grounds or off of school grounds at anytime during the school day, including lunch, or at any school sponsored activity. Tobacco products include, but are not limited to e-cigarettes, cigarettes, cigars, pipe tobacco, chewing tobacco, snuff or other matter, or substance that contains tobacco.
- G. Profanity and/or Obscenity: A student will not, by written, verbal, gestures, by gesture or other means, annoy or humiliate others or disrupt the educational process by using profanity or obscenity towards any other student or personnel.
- H. Truancy and Tardiness: A student will comply with the compulsory school attendance policies. When a student is absent from school without a legal excuse, it constitutes truancy or tardiness. This includes unexcused absences from study hall, class, or any other properly assigned activity. Repeated tardiness is also considered a serious offense.
- I. Insubordination: A student will follow the reasonable directives and comply with the reasonable requests of any teacher, student teacher, substitute teacher or other authorized school personnel. Students will understand that the authority of these people does not end at the classroom door, but extends throughout the building and grounds.
- J. Inappropriate Dress: A student will not dress or appear in a fashion that:
  - 1. Interferes with the student’s health or welfare or that of others
  - 2. Causes disruption or directly interferes with the educational process
- K. Theft: A student will not take or attempt to take into possession the public property or equipment of the school district or the personal property of another.
- L. Extortion: a student will not obtain or attempt to obtain another person’s property, either by implied or expressed threat.
- M. Forgery: A student will not falsify, in writing, the name of another person, or times, dates, grades, addresses, or other data on school forms or correspondence, directed to the school.

- N. Trespassing or Loitering: A student will not be present in a school building or on school grounds at unauthorized times when their presence may cause disruption of an activity, function, or the educational process.
- O. False ID: A student will not use or attempt to use false identification to mislead school personnel.
- P. Breaking and Entering: A student will not break and enter, or attempt to break and enter, school or private property either on school grounds or at any school activity, function, or event off school grounds.
- Q. Possession of Electronic Equipment: Most electronic equipment necessary in school is supplied by the school. Students are not allowed to bring radios or musical devices of any kind, "boom boxes", portable TV's electronic toys, MP3 players, ipods, and other similar devices without the permission of the principal. The property will be confiscated and disciplinary action will be taken. Use of a cell phone during the school day is prohibited without permission from the office. The 1<sup>st</sup> offense the cell phone will be confiscated and held overnight until the end of school the next day. The 2<sup>nd</sup> offense will result in a parent coming to school to pick up the cell phone. A 3<sup>rd</sup> offense may result in other disciplinary action. Sexting is prohibited at any time on or off school property or at school functions. Sexting is the electronic transmission of sexual messages or pictures, usually through cell phone text messaging. Such conduct not only is potentially dangerous for the involved students, but can lead to unwanted exposure of the messages and images to others, and could result in criminal violations related to the transmission or possession of child pornography. Such conduct will be subject to discipline and possible confiscation of the wireless device.
- R. Failure to abide by other rules that may be established from time to time by the Board, superintendent, or principal.
- S. Student Conduct Off School Property: This Code of Regulations is adopted by the Board of Education of the St. Henry Consolidated Local School District pursuant to sections 3313.661 and 3313.662, Ohio Revised Code. Any student engaging in the following types of conduct either specifically or generally like the kinds of conduct listed below is subject to expulsion, suspension, emergency suspension, removal or permanent exclusion for curricular activities pursuant to the Ohio Revised Code. This code of regulations applies while a student is in the custody or control of the school, on school grounds or closely proximate thereto, while at a school-sponsored function or activity or on school-owned or provided transportation vehicles. In addition, the Student Code of Conduct governs a student's conduct at all times, on or off school property, when such student conduct is reasonably related to the health and safety of other students and/or school employees, or such conduct would be unreasonably interrupt the educational process of the St. Henry Consolidated Local School District. Due process of the law will be followed in all disciplinary situations. Anyone desiring a complete interpretation of possible disciplinary actions (detention, in-school suspension, assignment to alternative school, out-of-school suspension, emergency removal from class/school, and/or expulsion) as adopted by the St. Henry Board of Education may do so by a request being made through the middle school office.

### **SCHOOL DISCIPLINARY PROCEDURES**

The staff at St. Henry Middle School believes it is necessary that the following disciplinary procedures be followed. Following is information concerning the disciplinary policy. It includes the procedures that may occur in the event that disciplinary action needs to be administered. We feel it is necessary to develop good behavior and respect in all our students. Any detention assigned would be served in a scheduled before or after school detention period supervised by a faculty member. The offenses would be cumulative throughout the year.

**1<sup>st</sup> Offense:** Any detention assigned by a faculty member will be served during an assigned detention time/period.

**2<sup>nd</sup> Offense:** Upon a student's second disciplinary action, the student *may* conference with either the guidance counselor or the principal who will then determine the disciplinary action to be served. Any detentions assigned will be served during an assigned detention time/period.

**3<sup>rd</sup> Offense:** If a student requires discipline because of a third offense, the student and the parent/s *may* have a conference with the guidance counselor or the principal to discuss the disciplinary concerns. At this time discussion(s) will take place about the possibility of an alternative school assignment if any further problems/situations occur. Any detentions assigned will be served during an assigned detention period.

**4<sup>th</sup> Offense:** When a student requires disciplinary action for the fourth time during the school year, the student may be assigned to an Alternative In School Assignment at St. Henry Middle School or at the alternative school.

### **BUS TRANSPORTATION AND STUDENT TRIPS**

Educational class trips as a supplementary experience to the regular class instruction are certainly worthwhile. Student who ride the bus for any curricular or extracurricular activities are to remain with their sponsored group and the students are to return home via transportation on the bus with their group. Only in exceptional circumstances may a student leave the group to return home by another means of transportation. A student must request a Transportation Request Form and have it completed by a parent/guardian prior to the departure of such trip. Be it understood that the request must be unusual and may not be approved after the form is turned in.

### **DRESS**

- A. Students are expected to dress in a manner appropriate for school and conducive to a healthy, safe, and orderly environment. No dress code can address changing styles and fads. A determination will be made by school administration whether a student's dress or garments meet the school's requirements.
